

Make Waldoboro's Advantages Your Advantages

We offer an entrepreneurial spirit, ready and willing workforce, and superb quality of life!

Location. Location. Location.

Waldoboro's location makes it an asset for starting or growing your business. Its location on Route 1 provides ease of access from Portland to all areas of the MidCoast. Waldoboro's additional route connections to Routes 32 and 220 simplify travel north towards Augusta, the capital, or northeast to the city of Bangor.

Because Routes 1, 32, 220, and 235 pass through Waldoboro, they provide businesses tremendous opportunities to attract commuters traveling in the MidCoast area.

About Waldoboro

Waldoboro's Downtown Business District and Historic Village District provide buildings of all shapes and sizes that are brimming with potential for new enterprises that will continue to diversify the town.

But business does not stop there. As one of the region's largest towns, at 73-square miles, Waldoboro has significant amounts of rural area for growth in agriculture and aquaculture, as well as a business park for industries.

Waldoboro welcomes many different types of businesses.

From artisans, clambers, restaurants, and manufacturers, Waldoboro is a town that wants to grow with your business.

On the third Saturday of June, Waldoboro Day is celebrated with a parade, food, festivities, music, community displays and fireworks.

Why do businesses choose to move to Waldoboro?

This 110kWh solar array, located at the Town's Waste Transfer Station, provides electric power that the town purchases at a lower rate than a public utility through a 25-year power purchase agreement with an option to purchase the array. The power purchase agreement helps the town to control their energy costs and is expected to save taxpayers \$385,000 over the thirty year life of the modules.

“We found the town staff so welcoming and helpful. The Planning Office outlined the steps we needed in order to get our permits to open our brewery quickly.”
